H O U S T O N is fortunate to have diplomatic representatives from 80 countries as its distinguished guests. These representatives ensure Houston's continuing role as a hub of international trade and facilitate the worldwide business activities of our large energy companies so key to our economic vitality. The Houston Ship Channel and the energy infrastructure surrounding the San Jacinto Battleground State Historical Park make Houston the world's energy capital, as well as the United States' top shipping port in terms of foreign tonnage.

On the occasion of its third Monument Classic Golf Tournament, the San Jacinto Museum of History Association is honoring our diplomatic community for its invaluable contributions that keep our community vital. We kick off our annual commemoration of the Battle of San Jacinto at the Bay Forest Golf Course in La Porte. We also salute our energy industry neighbors and encourage you to join us for a patriotic day of Texas hospitality.

We hope you can join us at Bay Forest Golf Course in La Porte for this annual event. Bay Forest, designed by well know Texas architect, Jay Riviere, is one of Texas' top 20 municipal facilities. Scenic waterways meander throughout the wooded front nine before mushrooming into larger lakes on the more open back nine. In all, 16 holes have water coming into play. Bay Forest's unique design, 5 par 5's and 5 par 3's, plays to a 6,768 yard par 72.
