BROWN, OLIVER T. Born in Brownington, Butler County Pennsylvania, a son of John Brown. He left home in 1835 to enter the army of Texas. Arriving at Cincinnati, Ohio, he learned that Captain Sidney Sherman was raising a company for the Army of Texas at Newport, Kentucky, just across the river from Cincinnati and he immediately joined it.

The last authentic record of the whereabouts of Mr. Brown is a letter from him to his mother and father written from the San Jacinto battlefield May 4, 1836. He evidently died before the opening of the Land Office in Houston in the fall of 1837 for he applied for none of the land due him. He indicated in his letter to his parents that it was his intentions to get all the land possible and make Texas his permanent home.

In 1850 Mr. John Brown, the only surviving heir of Oliver T. Brown, wrote to Colonel Sidney Sherman about his son. After making inquiries concerning him Colonel Sherman wrote to Mr. Brown that in all probability Oliver was dead. He offered to aid Mr. Brown in securing the land due him. The offer was accepted and Colonel Sherman applied for the lands to the Commissioner of Claims. The commissioner took many depositions which may be seen in Court of Claims Files No. 349, General Land Office, Austin.

In his deposition made December 22, 1858, Edward Miles of San Antonio stated that he was of the opinion that Captain William Woods' Company, of which Mr. Brown was a member, disbanded at the home of Lorenzo de Zavala, just across Buffalo Bayou, from the battlefield, a few days after the battle. He stated that the Mexican prisoners
were placed under the charge of Lieutenant Samuel B. Raymond and that when he last saw Mr. Brown he was one of the guards.

General Sidney Sherman in his deposition submitted the following letter which he had written from Harrisburg December 20, 1850 to Mr. John Brown, Oliver's father:

"In my answer to yours of August 10th, I stated I would cause the records to be examined at the seat of government and ascertain if your son Oliver had drawn his pay as a soldier, or the land to which he would be entitled — thinking he had drawn his pay and received his certificate for his lands, it would be reasonable in presuming him to be alive; but on the contrary if he had not done so, it would be extremely doubtful.

"The result of my investigation so far will be painful to you and his friends. Altho it must be remembered that it is enveloed in some doubt — I believe from a not I have received from the Adjut General on the subject, that he has not drawn either his pay nor his lands. His name stands on the Rolls as Oliver S. Brown — his name was entered at San Jacinto as Oliver T. Brown, which I believe is correct.

"I have also learnt since I wrote you, that a gentleman on removing his wife's remains from a cemetery in the City of New Orleans, notices the name of Oliver P. Brown on a vault next to his wife's, and having known your son, he presumed it was his.

"My informant thinks it may possibly have been Oliver T. in place of P. Not having the person myself, I am unable to inform you which cemetery it was — as they have several in that city.
"Taking all things into consideration we must, I think, come to the conclusion that your son is dead. Should you be of this opinion, and would wish to have his affairs with the government attended to, you can forward me a power of attorney, with authority to substitute another (as I shall not be able to attend to it in person) and it shall be attended to....."

Mr. John Brown with his deposition submitted an original letter from his son. The following is the letter in full:

Texas San Jacinto River May 4, 1836

Dear father and mother:

After my love to you and all my relatives I embrace this opportunity of informing you that I am in good health at present hoping these few lines may find you in the same state, I shall in the first place give you the outlines of my travels etc. After I left Mr. Townsend in Percyville I arrived at Mr. Welsh's in Pittsburg. Mr. Welch encouraged me very much to go to Texas which I am very much pleased with at present.

In the first place at Pittsburg I engaged with Capt. Scott of New Orleans on the Lady Madison and arrived at Cincinnati landed and went to view the city - went into Hollins boarding house there met Wm Thompson who had kept bar for J. Welch in Pittsburg - told him I was going to Texas to fight the Mexicans.

I have been in two battles, one on the 20th of April the other on the 21st. You will find in print after some time. The most victorious battle ever fought in the known (torn) to be done in the space of 18 minutes. I shall now before I go further state to you what
great luck I had about getting to Texas. Thompson stated to me there was a Capt Sherman of Newport, Kentucky making up a company of volunteers for Texas and he insisted on me going over and joining his company getting at the rate of Twenty Dollars per month. I settled off with Scott and got my money and went over to Newport, Kentucky just opposite Cincinnati and joined Capt Sherman's Company of Newport, Kentucky Riflemen and was furnished with a rifle and uniform. We had our company organized on the 18th Dec - started for Texas on the 29th Dec. arrived at Louisville 30th. I stepped out with a number of my companions to take a view of Louisville and lo and behold who stepped up but Archibald Davidson that formerly lived with us. We rambled around until dark and we all stepped into a coffee house and lo and behold who was sitting by the fire but John Riddle and a Mr. Dickey from Harmony. We spent that night and New Year's Morning with Mr. Riddle and Mr. Dickey in great splendor and then we embarked on the Augusta for Nacitoches on Red River. We sailed to the mouth of Red River 250 miles above New Orleans and then we sailed up Red River 300 miles to Nacitoches then took land - I shall not give you particulars about our travels. We travelled 1000 miles on foot in Texas before we got in gunshot of the enemy, but then we gave them hell on the 20th of April. The great general Santa Anna at the head of 600 choice Mexican troops and a number of his bravest generals. I shall state to you that we elected Capt Sherman Col of the 2nd Regt. he selected 70 horsemen out of the different regiments to make the attack, I being 3rd Sergeant in our Company I was selected as one of the horsemen on
the 20th at 4 o'clock we attack the enemy. We killed about 20 and
only had two men wounded on the first day. Then we retreated to our
camp - waited for them to make an attack until 4 o'clock on the 21st.
Genl. Houston commanded the troops to form in the battle array which
was done in less than 15 minutes. There were only about 680 of us
against 1100 mexicans. We attacked them on open prairies we had two
6 pounders they only 9. We killed 600 took 530 prisoners 500 mules
200 horses $16000 in gold and silver and sundries amounting to 2000.
We took Genl Santa Anna, Gen Cos and their staff. Santa Anna is a-
bout making a treaty with Genl Houston then we will get our discharge.
The recompense from the Government of Texas $20 per month from the
time we enlisted 1/4 of a league of land which is 1111 acres 2/3 of
a league of land which is 2900 acres will in all make about 4000 acres
which is supposed in less than two years will be worth at least $2000.
General Houston says we may rely upon it every man who was in the
battle shall have two leagues of land but the above we are sure of.
We had but 2 men killed and 10 wounded. Such a battle has not to this
time been recorded.

As to the country it is a warm pleasant country. In the month
of Jany. peach trees in full bloom - land very level tolerably well
watered - prairie very extensive rich as can be. I think it is the
best place in the world for a young man commencing on nothing to get
rich.

I wish you to direct your letters to Oliver T. Brown 3 sergt of
Newport Kentucky Riflemen
Care of General Houston Commander in Chief of the Texan Armies

Yours -

Oliver T. Brown

John Brown

of Oliver

Mr. Brown on March 9, 1860 was issued Bounty Certificate No. 216 for 1280 acres of land in compliance with an Act of the Legislature approved February 13, 1860.

Wrote to Richard L. Manny Clerk of Courts, Butler, Pa.

Wrote to Postmaster Harrisville, Pa.

Wrote to Postmaster Sleppery Rock, Pa.
