To the Honbl. the Legislature of the State of Texas.

The petition of William O. Burnam now a citizen of Burnet County in your State would represent to your Honorable bodies.--

That in Company with his father he emigrated to the wilderness of the new State of Texas in 1822 & that his father Jesse Burnam was one of the first of the original three hundred that settled in Austin's Colony & begun to improve the country & reclaim it, from its barbarous State.-- from 1830 up to 1835. Your petitioner was almost constantly with arms in his hands either in protecting his fathers family while they were cultivating the Soil or else in Company with a few neighbors in pursuit of the Indians who were constantly plundering & murdering the colonists.

In 1835 when that glorious Struggle was begun which terminated in freeing this happy land from thraldom & in driving from the Soil of Texas forever the Minions of that, dark despotism which had so long fettered the friends of human freedom & ended also in annexing Texas to the United States. from the beginning to the end of the Struggle your petitioner was an active participant in it. He heard in his march the thunder of the enemy's Cannon, when the gallant, Travis & his band of Martyred patriots were butchered by a Savage foe. He was engaged in fight on the plains of San Jacinto where the Flag of Federal Mexico was lowered before the Banner of the Lone Star.--in the interim too between the Storming of Bexar & the Battle of San Jacinto
he was constantly engaged in Active Service & after that time up to annexation he was almost Constantly engaged in fight or at least in the field either to repel the invasions of the Mexicans or in pursuit of Indians who had robbed the frontier Settlement from 1822 to the present time. Your petitioner represents that he has been of the pioneer of the Republic. Always far in advance of the great tide of civilization its forerunner & blazes out the way for the settlements of the white man.

All the Services which he rendered in the great historical conflicts are matters of record and can be found by reference to the Muster rolls of the Storming of Bexar or the Battle of San Jacinto for the Statement as to the Indian fights he would refer to those famous Indian fighters. The Hon. Henry McCulloch now a Senator & Gov. Tom Green Clark Supreme Court & I refer also to Hon. John W. Dancy late a member of the House from Fayette County.

Your petitioner would represent that in an Indian fight in 1837 near the Southern edge of Gonzales County he was Shot with an Indian arrow through the left Shoulder So as to separate the joint. the wound was a Severe one and it was many months before your petitioner received even partially the use of this limb and thus from that time to the present Suffered great pain from it & has at times lost the entire use almost of his left arm.

For all his Services he has drawn but $15.50 in money, but has obtained his bounty 320 acres and headright for a portion of his Services, but for the fact no roll was kept & the discharge has been lost. Any
facts that it is required to substantiate before your Honorable body.
in relation to the fact your petitioner has the proof or can
furnish sufficient evidence of the same.

Promises considered he asks that a bill may be passed granting
him a League & Labor of land for his wound & incurred & for his
Services for which he was never compensated at all--

And your petitioner will ever pray &c.

Wm. O. Burnam (sic)
